

# PBPE-11A3

Industrial-grade PICMG 1.3 non-server backplane with 11 PCIe / PCI slots

## Features

- Industrial 11-slot backplane
- PICMG 1.3 format
- 3x PCIe x16 + 4x PCIe x4 slots
- 3x PCI slot
- Dual SATA ports

## PBPE-11A3 Non-Server Grade PICMG 1.3 Backplane

The PBPE-11A3 from Portwell is a high-performance 11-slot SBC backplane designed for use in industrial 4U chassis. This backplane supports PCIe Gen 3 and offers versatile connectivity options.

- **Compatibility:** The backplane is specifically designed for use in 4U chassis.
- **Ports:** The board features four USB ports and two SATA ports, allowing for easy and flexible connection to peripherals and storage solutions.
- **Versatile Slot Configuration:** The backplane provides various slot options: one PCIe x16 slot, two PCIe x16 slots (with x8 signals), four PCIe x8 slots (with x1 signals), and three PCI slots. This variety allows for the integration of a wide range of expansion cards.

The PICMG 1.3 backplane from Portwell is the ideal solution for industrial applications that require high performance and flexibility.

Specifications	PICMG 1.3 Backplane: PBPE-11A3
Form Factor	Backplane with 11 slots
Format	PICMG 1.3
Slots	1x PCIe x16 slot 2x PCIe x16 slot (1x x16 signal or 2x x8 signal) 4x PCIe x8 slots (x1 signal) 3x PCI slot 4x USB ports 1x Dual SATA port
